

Attempt for Level _____ High-Power Certification TRA# _____

Flyer's name (Print) _____

Rocket information: If an item is not applicable write NA.

Kit name/manufacturer (or scratch-built)	Length/Diameter (in.) /	Weight (lb.)	CP/CG (in. from nose tip) /	Altitude expected (ft)
Electronics				
Recovery				
Motor (manufacturer, designation)				
Other comments				

Flyer: check each applicable statement (Some assistance from a certified flyer in each case is ok):

- I built this rocket myself (either from a kit or from parts).
- I prepared this rocket for flight myself.
- I assembled the motor myself.
- (For L3 only) I have flown a J/K/L motor rocket with successful electronic deployment for recovery.

Flyer's signature	Date
-------------------	------

The following is for Certifying Authority Use Only. Certifying Authority shall send this form to Tripoli Headquarters following the certification flight attempt.

For L2 Certification: Written Examination

Examination Score	Examination Proctor Signature/TRA#/Date
-------------------	---

For L3 Certification: TAP Approval (Two TAP members required)

Design and documentation of this Level 3 project has been reviewed and found satisfactory.

TAP signature/TRA#/Date	TAP signature/TRA #/Date
-------------------------	--------------------------

For All Certifications: Flight result **Successful** **Unsuccessful**

Launch location or venue

Comments — if flight was unsuccessful, give the reason(s) if applicable. Note that the Certifying Authority may refuse to certify for any reason.
Certifying Authority Signature/TRA#

Certifying Authority: Regardless of flight outcome, send this form to:	Tripoli Rocketry Association, Inc. P. O. Box 87 Bellevue, NE 68005
